

T-REX HELPING HULPHOND NEDERLAND

Stichting (nonprofit organization) Hulphond Nederland helps people who need physical or mental care by using assistance dogs. An assistance dog increases independence and improves quality of life.

We made a small donation as T-Rex Rubber International so the dogs didn't have to sit on a cold concrete floor.

The therapy dogs were very happy to sit on the new (less slippery and cold) floor on location Hoenderloo. www.facebook.com/HulphondNL/posts/1289269267781757
